JINPIN ELECTRICAL COMPANY LIMITED ZHUHAI S.E.Z

Company Introduction

Established in 1994, Jin Pin Electrical Co., Ltd. Zhuhai S.E.Z. is a high-tech and professional company, specialized in manufacturing of various DLED, ELED, Curved TV, LED TV, multimedia TV and Mobile Phone TV accessories, with registered capital of 312.80 million RMB.

Headquarter located in Zhuhai Liangang Industrial Zone, covering an area of 273,388 square meters, with over 3000 employees, with more than three hundred of professional technicians and engineers, as well as advanced production lines and equipments: Subsidiary plants, including speaker, PCB board, transformer, tuner, carton box, polyfoam cabinet, hardware etc.

- Dust-free workshops
- LED TV production lines
- High speed SMT production lines
- Injection machines
- Hardware Stamping Machines
- Mobile Phone assembling line

Jin Pin has become one of the leading TV companies in China, with an annual production capacity of over 10 million sets, which CBU/SKD/CKD, OEM/ODM are all available. Jin Pin manufactures various kinds of TV products including LED TV (15.6"~65"). The variety of TV models and chassis solutions is one of our strong superiority in the fierce competition market. With the outstanding products and services, our products are selling to both domestic market (OEM for top brands and "JPE" brand TV) and overseas market for more than 100 countries and regions, enjoy a very good reputation from the government and clients.

Always following the business philosophy of "people oriented, dedicated service, quality foremost". Jin Pin is committed to provide high quality products and services. We run the company strictly according to ISO9001:2008 Quality Control System and ISO14001:2004 Environment Management System. Jin Pin products have passed domestic and international certifications and accreditations such as CCC, CE, ROHS, CB, SAA, IEC, SASO, etc.

Looking into the future, Jin Pin is making its efforts to create a world-class company in the industry of TV and mobile phone products.

JPE TV. The beauty of acme

4k2k UHD TV

An abbreviation of Organic Light-Emitting Diode, it's the latest display technology.

FEATURES

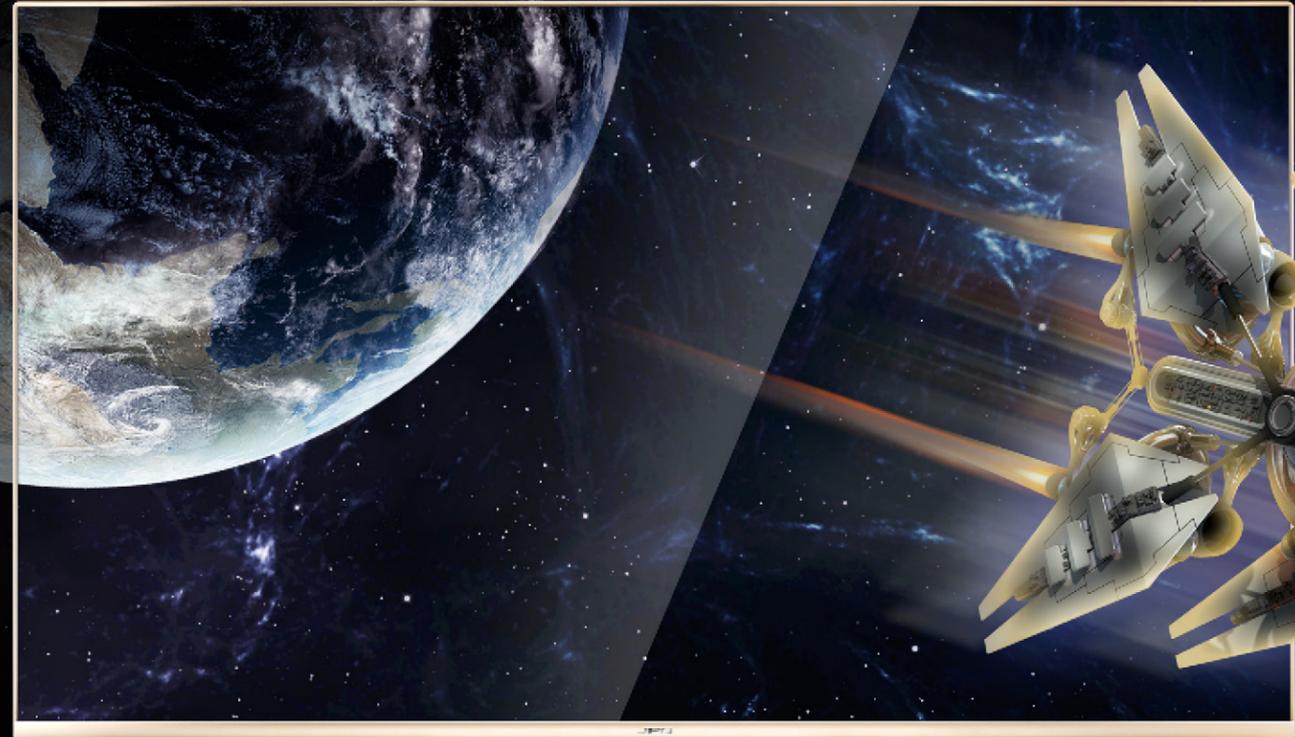

- ⦿ Response sooner
It has a response time less than 0.01ms, enabling a refresh rate up to 100,000Hz.
- ⦿ Better power efficiency and thickness
It's power consumption is 50% less than LED and its thickness can be made under 1mm.
- ⦿ Wider viewing angles and improved brightness
It can enable a greater artificial contrast ratio and a wider viewing angle compared to LED pixel colors appear correct and unshifted, even as the viewing angle approaches 90° from normal.
